Abusive behavior and accidental damage to the product are not covered by this warranty. As long as it is installed correctly and receives proper preventive maintenance, it should give years of trouble - free service. The pressure of the line assists the closing, thereby reducing the length of the lever required. This guarantee does not affect any statutory right the consumer may be entitled to. Equilibrium Reduced bore 15mm (1/2") to 100mm (6" to 25mm) bronze body (32) 5-year warranty - Terms and conditions Products are subject to a 5-year warranty that is between Pegler and the final purchaser of the product. The warranty does not apply when the product is assembled contrary to the instructions in the assembly instructions. DN50 to DN300 PN10 / 16 flanking (relaxed and others on request) body of cast iron (50 - 150mm) A stainless steel tank float valve of suitable quality for various tasks The warranty covers manufacturing or material defects and does not cover parts subject to normal wear and tear. 10mm (3/8") to 65mm (2 1/2") BSP Threaded to DN80 & DN100 PN10 / 16 flanged fluids compatible with materials stainless steel body and float A Seals of robust silicone manufactured tank balancing valve which is designed to minimize the effect of changing water pressures. This is reinforced when the valves are covered by the European Pressure Equipment Directive (PED97/23/EC), where the instructions for operation and maintenance are provided to each product and/or box.
